

# ICT TODAY

THE OFFICIAL TRADE JOURNAL OF BICSI

ICT TODAY IS BICSI'S PREMIER PUBLICATION THAT AIMS TO PROVIDE AUTHORITATIVE, VENDOR-NEUTRAL COVERAGE AND INSIGHT ON NEXT-GENERATION AND EMERGING TECHNOLOGIES, STANDARDS, TRENDS, AND APPLICATIONS IN THE GLOBAL ICT COMMUNITY.

## ICT TODAY EDITORIAL CALENDAR

*ICT Today* publishes only original manuscripts that have never been published in any another trade journal or ICT magazine, whether in hard copy or online. We welcome all ICT-relevant topics, including vertical industries (e.g., health care, airports, power plants). Each article submission should include in-depth design/installation and technical details in the quest of educating further our BICSI member audience and subscribers. This further education is accomplished by publishing the articles of industry subject experts and technology thought leaders to whom we owe our thanks for *ICT Today's* success and distinction from other ICT and data center publications.
